## the vision

**"How will You establish Your throne of glory over the United Kingdom?"**

Rania Sayegh from HOPE: House of Prayer and Exploits in Nazareth, Israel visited the UK last year and spoke this powerful word over the nation.

"I felt that as England arises with its authority as a lion, and releases the sound of worship and praise like never before - a new sound would be released in the land. The lion of the tribe of Judah will roar in response over the UK and the deliverance and victory will manifest in the rising of the identity of these nations, for His throne of glory to be established. There is an alignment that is coming over the nation. The sound of the pride of Lions will set things on course and in a new order."

Before arriving in the UK, Rania asked the Lord, "How will You establish Your throne of Glory over the UK?" He responded by showing her the following picture:

"I saw over each country forming the United Kingdom, the faces of the four living creatures of the throne:

**England - Lion | Wales - Eagle**  
**Ireland - Calf | Scotland - Man**

"I saw the dynamic between them. The Lion (England) began to roar and when she began to roar, the lion of the tribe of Judah began to roar over her. I saw that the vibration of the sound of the roar spread out to the rest of the countries.

"The Eagle (Wales) began to raise its wings and screech and then take flight, carried on the sound of the roar.

"Then, I saw the calf (Ireland). It looked like it was behind a cage and as the sound of roar reached the cage, the gate broke open and the calf was released and began to run.

"Then, the man (Scotland) looked like his feet were bound, and when the sound of the roar touched his feet it broke the chains and the man was loosed. He began to move his feet and dance over the land!"
